v.	)	
	)	
RYMED TECHNOLOGIES, INC.,	)	
	)	
Defendant.	)	

**DECLARATION OF ALISON BURCAR IN SUPPORT OF ICU'S OPPOSITION TO  
RYMED'S MOTION TO TRANSFER**

I, Alison D. Burcar, declare and state as follows:

1. I am presently Vice President of Marketing for ICU Medical, Inc. ("ICU"). I submit this declaration in support of ICU's Opposition to RyMed's Motion to Transfer Venue. I have first hand knowledge of the facts stated herein and if sworn as a witness I could and would testify competently thereto.
2. I have been employed with ICU since 1995. I became Vice President of Marketing in August 2002, after having been Marketing Operations Manager since March 1998.
3. Since joining ICU in 1995, I have been involved in medical product sales and marketing. I have developed an expertise in medical sales and marketing, particularly in the needle-free valve industry. Since 1993, ICU has sold a swabable, one-piece, needle-free valve called the CLAVE Connector.

4. During the course of my career in the medical products industry, including my tenure at ICU, I have acquired extensive experience in competitor and market analyses and market forecasting. I am familiar with the sale and distribution of needle-free valves and related products, including coordination with distributors and customers. I am also familiar with methods that competitors use to advertise their products.

5. ICU maintains a national network for sales personnel and distributors. Eight distributors and twenty-one representatives are tasked with sales into the Delaware market, among others.

6. ICU also participates in trade shows aimed at developing further business in Delaware. These include the Oncology Nurses Society (ONS); Association for Professionals in Infection Control (APIC); Intravenous Nurses Society (INS); and Association for Vascular Access (AVA). Each of these organizations recruits members nationwide. Attached hereto are Exhibits A-B (ONS webpages); Ex. C. (APIC webpage); Ex. D (INS webpage); and Ex. E (AVA webpage).

7. RyMed also participates in these trade shows. Anyone interested in obtaining exhibitor or attendee lists for these trade shows can send a check to the organizer and in return receive the requested list.<sup>1</sup> The lists that ICU's marketing department has obtained show that RyMed has exhibited its products at multiple tradeshow to attendees from across the nation, including Delaware.

- Attached hereto as Exhibit F is a true and correct copy of the APIC 2006 Full Post Show Exhibitor List in which RyMed is mentioned as an exhibitor on page 8.

---

<sup>1</sup> For example, see page 5 of Exhibit J for a description of how to obtain attendee data.

- Attached hereto as Exhibit G is a true and correct copy of the APIC2006 Full Post Show Attendee List in which attendees working in Delaware are listed on page 17.
- Attached hereto as Exhibit H is a true and correct copy of the National Home Infusion Association 2007 Conference Exhibitors List showing RyMed as an exhibitor on page 2.
- Attached hereto as Exhibit I is a true and correct copy of the NHIA Conference Attendees List in which the Delaware attendees are mentioned on page 4. In addition, as shown on page 9 of Exhibit I, Gerald Ewancio and other employees of American HomePatient's Salisbury, Maryland branch also attended this meeting. *See* Declaration of Matthew Gingo ¶¶ 4-5.
- Attached hereto as Exhibit J is a true and correct copy of the 2008 Society for Healthcare Epidemiology Meeting Exhibitor Prospectus in which RyMed's participation as a 2007 Exhibitor is noted on page 2.
- Attached hereto as Exhibit K is a true and correct copy of the Past Exhibiting Companies at the INS Annual Meetings and the Attendee Demographics. RyMed's participation is noted on the first page, right most column.

8. I am aware that RyMed has advertised its products, including the InVision-Plus, in the Journal of Association of Vascular Access (JAVA), a nationwide publication. As shown in Exhibit E on the right side of the page, AVA "expresses its appreciation" to several companies for advertising in JAVA. RyMed is listed among these companies. Clicking on the link will take you to RyMed's website, the front page of which is attached hereto as Exhibit L. A true and correct copy of one of those advertisements in the hard copy version of JAVA is attached hereto as Exhibit M.

9. I have visited RyMed's website and am aware that under the "Contact" section of this website, RyMed maintains a list of "Sales and Marketing" personnel. I am also aware that one of the individuals listed as Territorial Manager on this page, Courtney Bryant, is responsible for Delaware, among other territories. A true and correct copy of a printout from this webpage is attached hereto as Exhibit N.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on October 29, 2007, in SAN CLEMENTE California.

**New! Oncology Nurse Practitioner Competencies**

This document outlines specialty entry-level competencies for Oncology Nurse Practitioners (ONPs) who care for adult and late adolescent patients throughout the continuum of cancer care. It should be used by nurse practitioners, educators, employers, physicians, nurses and anyone else who seeks to understand the role of the ONP.

This important guide was developed by a multi-organizational national panel convened by the Oncology Nursing Society (ONS), that used a nationally vetted process to develop, conduct reviews, and revise the document. The ONP Competencies were reviewed and critiqued by 127 ONPs as well as twenty members of a national validation panel comprised of representatives of nursing organizations and NCI-designated comprehensive cancer centers. Dear Prospective Exhibitor,

On behalf of the Society for Healthcare Epidemiology of America (SHEA), we are pleased to invite you to our 18th Annual Scientific Meeting in Orlando, Florida from April 5 to 8, 2008.

SHEA is the premier society for healthcare professionals involved in antimicrobial stewardship, infection prevention and control, patient and healthcare worker safety, and hospital and community-based healthcare epidemiology.

Many of SHEA's members act as the decision makers and advisors on pharmaceuticals, devices, and supplies in their departments and institutions. Exhibiting at SHEA's 18th Annual Meeting will expose your business to leading domestic and international healthcare professionals – physicians, nurses, administrators, and others involved in healthcare epidemiology and infection control in hospitals, extended care facilities, and home healthcare settings, at the state, regional, and federal levels.

The quality of the educational workshops and plenary sessions in 2007 drew more than 1,200 attendees, and SHEA expects even greater successes in 2008. Session topics this year include drug-resistant tuberculosis, pandemic and avian influenza, methicillin-resistant *Staphylococcus aureus* (MRSA), *Clostridium difficile*, hand hygiene, catheter-related bloodstream infections, surgical site infections, vaccines, antibiotic utilization, HIV/AIDS and more. We urge you to review this prospectus and sign up today to take advantage of this opportunity to participate in such a valuable and visible meeting. Space will be assigned on a first-come, first-serve basis.

We look forward to your participation in SHEA's exhibits program in 2008!

Sincerely,

Lindsay Nicolle, MD

Chair, SHEA's Annual Meeting Planning Committee

## ADDITIONAL RECOGNITION OPPORTUNITIES

Sponsorship is an ideal way to stand out from other exhibitors, deliver a personal message of commitment, and communicate support to meeting attendees. SHEA invites you to take advantage of its many opportunities to increase your marketing efforts and show your involvement. In addition to networking and satellite symposia sessions, other specific conference events and items may be sponsored. SHEA will work with each individual exhibiting company to realize its marketing goals. Please contact SHEA at [sheahq@shea-online.org](mailto:sheahq@shea-online.org) or (703) 684-1006 to discuss your objectives.

### Installation and Design (I&D) or Exhibitor Appointed Contractor (EAC)

Exhibitors who choose to use booth-assembly or dismantle labor outside of Champion must notify Exhibit Management and Champion at least 30 days in advance of the first day of move-in, and supply the necessary certificates of insurance. Exhibitors using I&D or EAC companies are required to supply such contractors with all necessary information regarding rules and regulations. Neither Champion nor Exhibit Management is required to supply an Exhibitor Service Manual to these non-official service contractors. However, both I&D and EAC staff must comply with all Exhibit Management and facility rules and regulations.

### Booth Construction and Guidelines

- Standard booths are limited to 8' background drapes and 3' side drapes.
- Maximum height of in-line exhibits is 8'. Exhibits may extend only 5' from the back wall.
- Island booths may vary in maximum ceiling height depending on the hall. Please see the enclosed floor plan for the maximum ceiling height. Island booths must allow access from all four sides with a 40% see-through effect.
- Exhibit Management will inspect exhibit booths for compliance with Fire Marshall rules/guidelines. To create a visually appealing trade show, the general services contractor will erect pipe and drape to cover the end of exhibit property or aisle areas. The contractor will assess the exhibitor for this expense in the event that the area is left open.

### Registration for Exhibitors

- All exhibitor personnel must be registered.
- The Badge Request Form and an "All Sessions" Meeting Registration Brochure will be sent to all exhibitors upon receipt of signed contract and payment. The Badge Request Form must be completed and returned by Monday, February 4, 2008.

### Housing for Exhibitors

The Buena Vista Palace will serve as the headquarters hotel. Exhibit Management will forward specific housing block information to contracted exhibitors upon receipt of a signed contract and payment.

**EXHIBIT APPLICATION AND CONTRACT**

## TERMS AND CONDITIONS OF EXHIBIT SPACE

SHEA'08

**Eligible Exhibits:** Exhibit Management reserves the right to determine the eligibility of any company or product to exhibit in the show and further reserves the right to reject any application and/or limit space assigned to any one company.

**Installation, Show, and Dismantlement:** The exhibitor agrees to comply with assigned installation, show, and dismantle days and hours as outlined in the Exhibitor Prospectus. Exhibits may not be removed from the facility until final closing of the show unless special permission is obtained in writing in advance from Exhibit Management. Exhibits must be removed from the hotel/facility when specified in the Exhibitor Prospectus. Any displays or materials left in booths, without instructions, will be packed and shipped at the discretion of Exhibit Management, and all charges will be assessed to the exhibitor.

**Cancellation, Withdrawal, or Reductions in Space:** Exhibit Management must be notified in writing by the exhibitor of cancellations or reductions-in-space. If written notice is received more than 60 days prior to show opening, total money less a 50% cancellation fee will be refunded to exhibitor. No refunds will be allowed for any cancellation less than 60 days prior to the opening of the show and Exhibit Management reserves the right to re-sell space.

**Space Assignments and Sublease:** Booth assignments will be made according to the date of receipt of application on a space-available basis. Exhibitors may not sublease the booth or any equipment provided by Exhibit Management, nor shall the exhibitor assign a lease in whole or in part without written notice to and approval by Exhibit Management in advance of the trade show.

**Relocation of Exhibits:** Show management reserves the right to alter the official floor plan, and/or re-assign any exhibitor's location as deemed advisable. Exhibit Management further reserves the right to make such changes, amendments, and additions to these terms and conditions and such further regulations, as it considers necessary for the good of the show.

**Limitation of Exhibits:** Exhibit Management reserves the right to stop or remove from the show any exhibitor, or his/her representative, performing an act or practice that in the opinion of Exhibit Management is objectionable or detracts from the dignity of the show, or is unethical to the business purpose of the show. Exhibit Management reserves the right to refuse admittance of exhibits or materials to the show until all dues and fees owed are paid in full. No exhibitor shall hold any social event, hospitality suite, meeting, or demonstration to which attendees are invited, or which entices attendees off the show floor during official show hours.

**Music, Audio Effects, Photography and Videotaping:** Music and audiovisual devices with sound are permitted only in those locations designed by Exhibit Management and at such decibel intensity as not to interfere with the activities of other exhibitors. Photography and videotaping other than by official Exhibit Management photographers are not permitted within the exhibit hall at any time. Only the exhibitor may grant permission to have his or her exhibit and/or products photographed.

**Copyright Law:** No copyrighted music may be played or sung in the exhibition area in any fashion (including, but not limited to, background music on video or audio presentations) without obtaining appropriate licensing. The exhibitor shall indemnify Exhibit Management, the Official General Services Contractor, and the facility, their officers, directors, employees, and agents, and save them free and harmless from any and all liability whatsoever, for any infringement or other violation arising out of the use of copyrighted music.

**Security:** Although security service will be furnished, Exhibit Management cannot and will not be responsible for damage to, loss and/or theft of property belonging to any exhibitor, his or her agents, employees, business invitees, visitors, or guests. Each exhibitor is to carry his or her own insurance.

**Applicable Laws:** The laws of the State of Virginia shall govern this contract. Exhibitor agrees to abide by all federal (including but not limited to FDA), state, and city laws, ordinances and regulations concerning fire safety, health, environment, public safety, and hazardous materials, and all regulations and restrictions imposed by the facility. All displays and decorations must be fireproof.

**Limitations of Liability:** The exhibitor agrees to make no claim for any reason whatsoever against: Exhibit Management, the convening organizations, their officers, directors, employees, agents, and authorized representatives, the facility/hotel, and the Official General Services Contractor for any of the following:

- The exhibitor agrees to make no claims against SHEA for loss, theft, or damage to goods, or injury to him/herself, his/her employees, or his/her attendees while in the exhibition area, nor any consequential damage to his/her business for failure to provide space for the exhibit or for the failure to hold the meeting as scheduled. The exhibitor assumes entire responsibility and hereby agrees to protect, indemnify, defend, and save SHEA from claims, losses, and damages to persons or property, governmental charges for fines, and attorney's fees related to the use of the exhibition premises, or part thereof. In addition, the exhibitor acknowledges that SHEA does not maintain insurance covering the exhibitor's property and that it is the sole responsibility of the exhibitor to obtain business interruption and property insurance covering such losses by the exhibitor.
- The above-cited regulations, as well as all conditions stated in the SHEA Exhibitor Prospectus and exhibit application, become a part of the contract between the exhibitor and SHEA.

**Insurance:** All property of the exhibitor is understood to remain under its custody and control in transit to and from, or within confines of the facility. Exhibit Management does not maintain insurance covering the exhibitor's property. The exhibitor shall carry Comprehensive General Liability coverage including premises, operations, and contractual liability coverage of at least \$1,000,000 for Personal Injury Liability, and \$500,000 for Property, Worker's Compensation with Employer's Liability with applicable statutory coverage. Certificates shall be furnished upon request.

**Force Majeure:** In the event the facility or any part of the exhibit area thereof becomes unavailable, whether for the entire event or a portion of the event, as a result of fire, flood, tempest, inclement weather, or other such cause, or as a result of governmental intervention, malicious damage, acts of war, strike, lock-out, labor dispute, riot, or other cause or agency over which Exhibit Management has no control or should Exhibit Management decide, because of such cause, that it is necessary to cancel, postpone, or re-site the exposition or reduce the move-in or installation time, show time, or move-out time, Exhibit Management shall not be liable to indemnify or reimburse exhibitor in respect to any damages or loss, direct or indirect, arising as a result thereof.

**Termination of Right to Exhibit:** Exhibit Management reserves the right to terminate without notice an exhibitor's right to exhibit if an exhibitor or any of his/her representatives fail to observe the conditions of this contract or in the opinion of Exhibit Management, or if they conduct themselves in an unethical or unprofessional manner. Such exhibitors will be dismissed without refund.

**Addendum:** Exhibit Management reserves the right to make changes, amendments, and additions to these rules as considered advisable for the proper conduct of the exposition, with the provision that all exhibitors will be notified of such changes.

## SOCIETY FOR HEALTHCARE EPIDEMIOLOGY EXHIBITOR RULES AND REGULATIONS

**Boundaries:** All parts of all exhibits must be exhibited within the exhibitor's assigned space boundaries. Aisle space is under the control of Exhibit Management.

**General Show Policies:** Noisy or offensive exhibits are prohibited. Distribution of literature or samples must be related to exhibit, and limited to the exhibitor's space. Canvassing the exhibit hall is strictly prohibited. No food or beverages may be distributed from the exhibitor's space without the pre-show approval of Exhibit Management. The exhibitor may not display signs that are not professionally prepared or which, in the opinion of the show manager, detract from the appearance of the show in any manner whatsoever. The show manager shall have sole control over all admission policies at all times.

**Use of Display Space:** A representative of the exhibiting company must be present at the booth(s) at all times during the posted exhibit hours. With the exception of book publishers, the sale of merchandise or equipment of any kind is prohibited in the exhibit hall. The use of the SHEA logo on displays, signs, giveaways, promotional literature, or other material is strictly prohibited. In addition, the use of the acronym "SHEA" must not be used on pre-, during, and post-show promotional material unless specific written permission is granted. Use of any convener, sponsor, or participating organization's logo is strictly prohibited unless permission is granted directly from those organizations in writing. Signs or other articles are prohibited from being fastened to the walls, pillars, or electrical fixtures. The use of thumbtacks, tape, nails, screws, bolts, or any other tool or material, which could mar the floor or walls, is prohibited. Drip pans must be used under all equipment where there is a possibility of leakage. No helium filled balloons or adhesive backed stickers may be given out by exhibitors.

**FDA Approval/Clearance:** If an exhibitor intends to display, introduce, or feature an article whose pre-market approval or clearance is pending from the US Food & Drug Administration, the exhibitor's materials, and the exhibitor's personnel must disclose that such article has not received final FDA approval/clearance and clearly convey the status of such article consistent with such laws, rules, and regulations administered by the FDA. The exhibit and any associated materials also must adequately and completely disclose that the article is not currently available for sale or commercial distribution in the US. Exhibitors shall indemnify and hold harmless Exhibit Management and the Official General Services Contractor from and against any and all costs, fees, expenses, penalties, damages, and claims arising from exhibitor's failure to comply with all laws, rules, and regulations (including those of FDA) applicable to such articles (including any law, rule, or regulation governing the approval/clearance).

**Exhibit Hall Badges:** All exhibitor personnel must be registered. Instructions for this process will be provided to exhibitor when confirmation of booth assignment is made.

**Union Labor:** Exhibitors are required to observe all union contracts in effect among Exhibit Management, official contractors, facilities, and various labor organizations represented. Any labor required for installation or dismantlement, decoration, or use of equipment must be ordered through the general service contractor. Tipping is strictly forbidden for any personnel providing any services.

The Official Publication of the Association for Vascular Access

Their position in January 2006 was that IV therapy and vascular access device information are not and will not be required components of nursing education programs. However, some programs do include various forms of IV therapy education, such as reading articles, watching videos, and so forth. In addition, medical student training programs do not include courses on vascular access devices. Without basic nursing and medical education, many more patients will sustain serious injuries, and sometimes fatalities, due to ill-prepared health care professionals caring for patients with technologically advanced vascular access devices. Routine dressing changes and catheter flushing are important procedures. However, basic knowledge of anatomy and physiology, and information related to the different types of catheters should be required components for all training programs for healthcare professionals. Providing instruction on assessing vascular access devices for early symptoms of catheter-related complications and the appropriate intervention could be the difference between life and death for many patients.

Education of the nursing and medical staff with a mandatory minimum curriculum is an important element for the safety of the patient. During the discovery phase of a malpractice case, many attorneys now recognize that the lack of education of healthcare professionals is a major contributing factor for the injuries to the

patients. The chief nursing officer, chief medical officer, staff development, and preceptors who validate competency are now being named as parties in many malpractice cases.

Today, many of these senseless injuries can be prevented when competent nursing and medical staff are caring for patients. Education on an ongoing basis, to the medical and nursing staff, is an important component in improving healthcare related to vascular access devices.

**In Memoriam** - On July 20, 2007, Darnell Roth, RN, CRNI, AA, LNC, a long-time contributor to *JAVA* and author of this Legally Speaking column passed away following a battle with cancer. Darnell's presence and writing will be sorely missed in this column space and throughout the AVA Community. Memorials may be made to Siteman Cancer Center, Barnes-Jewish Hospital; St. Louis, Missouri 63110.

## NET ZERO™ CATHETER MANAGEMENT

### Achieving Zero CRBSIs & Reducing Thrombotic Catheter Occlusions

#### InVision-Plus® NEUTRAL® I.V. Connector System

Catheter Management has taken a giant leap forward. Newly published trials show landmark results in reducing CRBSIs and Intraluminal Thrombotic Catheter Occlusions. In fact, a recent study exceeding a one year period showed ZERO incidents of CRBSIs. It's all part of combining the patented technology of the InVision-Plus Neutral IV Connector System with behavior-based and extraluminal management strategies.

RyMed's NET ZERO Catheter Management Program is designed to show you how the InVision-Plus Neutral allows you to achieve significant reductions in your Catheter-Related Bloodstream Infection rates and Intraluminal Thrombotic Catheter Occlusion rates.
